## Academic Projects

Title : Shringar-The Jewellery Shop

Platform : J2EE(Spring Boot)+ReactJS+MySQL

Duration : 1 Month

Description : Shringar-The Jewellery Shop is a new way of buying and selling jewellery on online platform. Our goal is to save time for the consumers where we have tried to include a feature for consumers to try out jewellery virtually. This allows the consumers to see a virtual image of themselves in the desired jewellery of their preference. The algorithm is designed in a way which will be compatible on any computational efficient system having a camera.

Title : School bus tracking System

Platform : Hardware description languages

Duration : 1 Month

Description : GPS, GSM, RFID technologies are used to track students attendance on the bus, drop and pick uptimes and locations, to alert concerned parents as well as School.All the instruments like GPS, GSM modem &amp; RFID tag reader is programmed using Arduino Uno
